<b>Advisory Action</b> <b>Before the Filing of an Appeal Brief</b>	Application No. 10/679,576	Applicant(s) LEHIKOINEN ET AL.	
	Examiner Duc M. Nguyen	Art Unit 2685	

**--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --**

THE REPLY FILED 15 February 2006 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE.

1. ☒ The reply was filed after a final rejection, but prior to or on the same day as filing a Notice of Appeal. To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:

- a) ☐ The period for reply expires \_\_\_\_\_ months from the mailing date of the final rejection.  
b) ☒ The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.

Examiner Note: If box 1 is checked, check either box (a) or (b). ONLY CHECK BOX (b) WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

#### NOTICE OF APPEAL

2. ☐ The Notice of Appeal was filed on \_\_\_\_\_. A brief in compliance with 37 CFR 41.37 must be filed within two months of the date of filing the Notice of Appeal (37 CFR 41.37(a)), or any extension thereof (37 CFR 41.37(e)), to avoid dismissal of the appeal. Since a Notice of Appeal has been filed, any reply must be filed within the time period set forth in 37 CFR 41.37(a).

#### AMENDMENTS

3. ☐ The proposed amendment(s) filed after a final rejection, but prior to the date of filing a brief, will not be entered because  
(a) ☐ They raise new issues that would require further consideration and/or search (see NOTE below);  
(b) ☐ They raise the issue of new matter (see NOTE below);  
(c) ☐ They are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or  
(d) ☐ They present additional claims without canceling a corresponding number of finally rejected claims.

NOTE: \_\_\_\_\_. (See 37 CFR 1.116 and 41.33(a)).

4. ☐ The amendments are not in compliance with 37 CFR 1.121. See attached Notice of Non-Compliant Amendment (PTOL-324).  
5. ☒ Applicant's reply has overcome the following rejection(s): claims 32, 35.  
6. ☐ Newly proposed or amended claim(s) \_\_\_\_\_ would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).  
7. ☒ For purposes of appeal, the proposed amendment(s): a) ☐ will not be entered, or b) ☐ will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.

The status of the claim(s) is (or will be) as follows:

Claim(s) allowed: \_\_\_\_\_.

Claim(s) objected to: 32 and 35.

Claim(s) rejected: 1-9, 11-25, 27-31, 33, 34 and 36-38.

Claim(s) withdrawn from consideration: \_\_\_\_\_.

#### AFFIDAVIT OR OTHER EVIDENCE

8. ☐ The affidavit or other evidence filed after a final action, but before or on the date of filing a Notice of Appeal will not be entered because applicant failed to provide a showing of good and sufficient reasons why the affidavit or other evidence is necessary and was not earlier presented. See 37 CFR 1.116(e).  
9. ☐ The affidavit or other evidence filed after the date of filing a Notice of Appeal, but prior to the date of filing a brief, will not be entered because the affidavit or other evidence failed to overcome all rejections under appeal and/or appellant fails to provide a showing of good and sufficient reasons why it is necessary and was not earlier presented. See 37 CFR 41.33(d)(1).  
10. ☐ The affidavit or other evidence is entered. An explanation of the status of the claims after entry is below or attached.

#### REQUEST FOR RECONSIDERATION/OTHER

11. ☒ The request for reconsideration has been considered but does NOT place the application in condition for allowance because: see the attached "Response to Argument".  
12. ☐ Note the attached Information Disclosure Statement(s). (PTO/SB/08 or PTO-1449) Paper No(s). \_\_\_\_\_  
13. ☐ Other: \_\_\_\_\_.

***Response to Arguments***

1. Applicant's arguments filed 9/29/05 have been fully considered but they are not persuasive.

As to claims 1, 15, 31, 37 regarding a web log (blog), it is noted that Applicant failed again to provide reasons why the combination of Sheha and Csaszar does not make obvious claims 1, 15, 31, 37. Therefore, the “*Response to Arguments*” in the Final Office mailed on 12/19/05 still applied here to the above claims. Note that Csaszars’s reference is used **solely** for its teaching of a “web log” (or “blog”) format, not on its teaching of internet journals or personal notes.

Since **Sheha** does teach that the activity of mobile terminal is shared with a group of users and published on the Internet (see [0029], [0032], [0082], [0086], [0087], [140]), it would have been obvious to one skilled in the art at the time the invention was made to recognize the popularity of the web log format to further incorporate the web log teaching of Csaszar to Sheha, for publishing the activity of mobile terminal in the form of a web log format as well, for utilizing the popularity of the web log (or blog) format.

As to claims 32, 35 regarding an animation feature, the arguments are rendered moot.

As to claim 38 regarding a scroll function, Applicant also failed to provide reasons why the combination of Sheha and Ogara does not make obvious claim 38. Again, Ogara’s reference is used **solely** for its disclosure of the existing of a scroll function in a mobile terminal, **not** on navigation, fax or email systems as argued by Applicant on page 13. Therefore, by simply incorporating a scroll function into the mobile terminal in Sheda, this would allow a user of the mobile terminal in Sheda to scroll along a timeline of list-based textual information as claimed

Art Unit: 2685

(i.e., when there are many activities occurred in a time window function that can not be displayed and fitted all of them on the screen). The motivation of using a scroll function is to allow a user to be able to view a large amount of data on a small (or fix size) display. The obviousness of the scroll function can be recognized based on the motivation to do so found either in the references themselves or in the knowledge generally available to one of ordinary skill in the art. See *In re Fine*, 837 F.2d 1071, 5 USPQ2d 1596 (Fed. Cir. 1988) and *In re Jones*, 958 F.2d 347, 21 USPQ2d 1941 (Fed. Cir. 1992).

For foregoing reasons, the examiner believes that the pending claims (1-9, 11-25, 27-31, 33-34, 36-38) are not allowable over the cited prior art.
